Small gift, big impact: the new #mugs by Thomas

Thomas #Mugs

Thank You - Merci -Danke - Arigatô – Mahalo - Dank je wel

More than 7000 languages worldwide, more than 7000 ways to say thank you: with the new #mugs, Thomas now makes it even easier to present a little gesture of gratitude to your loved ones, your family or your normal everyday heroes – even without any grand statements. No matter whether it's a parcel carrier, nursing or care staff, or the nice cashier at the supermarket checkout – the Thomas #mugs are the perfect gift to put a smile on someone's face and give them encouragement, even in difficult times. On Instagram, the hashtags #danke, #thankyou and #thinkpositive are a widely used way to spread gratitude, joy and positive energy. Combined with a hand-drawn motif each, they turn the three Thomas #mugs into heartwarming gifts.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also

the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
