Soft Blue: A new trend colour in the "Sunny Day" collection by Thomas

Dreamy yet with a touch of freshness - the new Soft Blue colour is a real free spirit in the beloved "Sunny Day" collection. The soft blue shade reminds of airy blue sky or the calm water of a lagoon and provides tranquility. In combination with the cooler Sunny Day colours such as Petrol, Nordic Blue and Turquoise, Soft Blue brings maritime flair into the home. The natural light blue reveals its cheerful mood also with the pastel nuances Greige or Rose Powder and cannot be imagined without its colour partner Soft Yellow. Soft Blue brings harmony to the table and makes the clear Sunny Day shapes look nearly weightless.

As usual, the decor is dishwasher and microwave safe. The collection is available from spring 2023.

From Porcelain Pioneer to an International Design Company

Rosenthal products stand out for their design, function, quality and ongoing innovative spirit. Established figures from the worlds of architecture, design and art, but also the smart newcomers and talents design avant-garde dining collections, sophisticated interiors and exclusive gifts. With exceptional craftsmanship, Rosenthal has been producing porcelain "Made in Germany" for more than 140 years. At the same time, the two porcelain factories in Selb and Speichersdorf are among the most modern production facilities in the porcelain industry worldwide and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.
