Sun in the heart and on the table: Hutschenreuther Springtime with the new colour Sun

Hutschenreuther Springtime Sun

Since it was launched, the Springtime collection has charmed us with its airy, cheerful polka dot design and set the mood for springtime and Easter. While the new Flowers design variant will add flowery touches, the new colour, Sun, will get the living room, garden table or picnic blanket shining in pastel yellow.

Springtime is shining in cheery yellow with Sun, the new colour that literally makes the sun come out. Sun fits harmoniously into the existing colour range of pastel Taupe, Turquoise, Rosé and Light Green and offers an array of possibilities for combination. As a refreshing colour mix or intense tone-on-tone, the new shade is completely flexible. Cups, plates and bowls, as well as mugs and eggcups, dress the table for Easter brunch or create the perfect spring mood for coffee or tea with friends.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning

porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
