## Start Fresh: Trendy product ideas for a table decoration in green shades

### Thomas Loft Colour - Moss Green NEW!

The modern Loft Colour collection with its trendy and Scandinavian-inspired colour glaze gets an additional colour shade. **With the new glaze “Moss Green” you get the feeling of nordic woods with moss-covered trees...** forest bathing for your home.

This woody touch fits smoothly to the handmade character of the Loft Collection and fits perfectly in the existing colour scheme. Also it can ideally be combined with “Moon Grey” or the classic Loft White.

### Thomas Nature - Leaf

“Think pink” is yesterday’s news – “think green” is the new credo. **The Thomas Nature collection’s Leaf** tone adds botanical touches and recalls fresh sage leaves. The casual green tone with shades of grey is constantly in balance between modesty and prominence and emanates calm.

### Thomas Trend Colour - Moss Green

The soft shade **Moss Green** in the Thomas Trend Colour collection is reminding us of a relaxing walk in Nordic forests, the quiet appearance on soft moss soil, surrounded by fresh and harsh forest air.

For a striking appearance with a trendy handmade character, the articles are individually dipped in coloured glaze and then burned. Depending on the thickness of the glaze, this creates individual and varied shading effects,

which are particularly highlighted by the fine grooved structure typical of Trend.

### **Thomas Sunny Day - Avocado Green, Seaside Green & Herbal Green**

With the colour **Avocado Green** we celebrate the health trend and raise the superfood to the Olympus of table culture. You will certainly not get enough of this calm colour and by mixing it with other contrasting shades from the Sunny Day collection, Avocado Green is at its best. Unpretentious, yet at the same time bright and powerful, **Seaside Green** also shows itself on the distinct form and brings soothing freshness to our tables already in the morning. The natural yet present **Herbal Green** reflects the vibrancy of the plant world and can be combined both brightly fresh with vivid Sunny Day colours.
