

Rosenthal Interieur sofa Bay, carpet Faceted in the colour red.

Nov 14, 2017 07:00 GMT

Staycation - Make yourself comfortable at home

With our stylish sofas, comfortable chairs and smooth carpets you are well prepared for any kind of stormy weather!

Sofa Bay/Design: Sebastian Herkner

A little bay to snuggle into and feel good – designer Sebastian Herkner transfers this sublime image to a stylish and relaxed sofa concept for design fans and comfort lovers. Bay captivates with an incredibly impressive wooden frame made from oiled oak and fabric cover on which loose cushions can be perfectly arranged. The modular concept allows for a wide range of combination options, and its generous seat depth, low seat height and high-quality cold foam upholstery make this sofa an ideal all-rounder for relaxing, surfing the Internet or working.

This new creation is inspired by the successful furniture range Hombre, which Burghard Vogtherr designed for Rosenthal back in 1975. Bay is available as a one-seater, two-seater or three-seater sofa or daybed in a range of fabric and leather designs.

Sofa Modular/Design: Diana and Emmanuel Dietrich

At Modular the name says it all: versatile and expandable, the clear architectonical alignment, the harmonious proportions and the finest leather of highest quality invite you to stay comfortably and for a long time. In trendy lemon yellow or elegant grey the seating module combines the aura of an individual piece of design with the seating comfort of lounge furniture for pleasant moments.

Chair Scoop/Design: Diana and Emmanuel Dietrich

Scoop is an eye-catcher for every room. Its organic shape reminds you of the original forms of nature and radiates calmness and relaxation on its users. With bended knees or outstretched legs, the comfortable seat snuggles perfectly to each body form and is a stylish design object at the same time.

Carpets Faceted/Design: Dorothea Lang and Matthias Zinkl

With their unique cutting techniques, colours and pile heights, which recreate the texture and appearance of porcelain, the Faceted carpet range add the finishing touches to Rosenthal's exclusive interior collection of furniture, lamps and accessories in the truest sense. The range was the outcome of a partnership between young designers Dorothea Lang and Matthias Zinkl and Münchner Teppichmanufaktur.

The interplay of light and shadow turns mono-colour surfaces into multifaceted, complex structures. The Faceted collection picks up on this idea and uses contrasting monochrome, geometrical sections to create three-dimensional-looking carpets with one-of-a-kind effects.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 135 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some

of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made. New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
