## Tartan, Plaid, Check: Patterns that never go out of style

### Hutschenreuther Cozy Winter gift collection

In winter, there's nothing better than coming back to a nice cozy house when it's cold, wet and grey outside. This wonderfully warm and homely feeling was the inspiration behind Hutschenreuther's new Christmas collection comprising a range of magical gift and decorative ideas in an idyllic country style.

Bold check patterns in red and green are combined with heavily detailed bird designs. Winter berries, red bows and delicate twigs give the lovingly coordinated collection a touch of charm, naturalness and a feel of cottage romance.

Mugs, cappuccino cups, mulled wine glasses and biscuit plates and jars are ideal for hot drinks and sweet treats, while glass lanterns, porcelain tea light holders and fairy-tale-like tree decorations create a wonderfully romantic yet rustic Christmas atmosphere.

### Rosenthal Francis Carreau Rouge/ decoration design: Rosenthal Creative Centre

Historical references and modern elegance come together in the Carreau pattern on the Francis design to create a classically luxurious yet simple-looking table arrangement. The interplay of shaded and unshaded checked areas in sensual red with a delicate gold outline produces a kaleidoscopic colour effect. Subtle white surfaces bring a calming and airy feeling to the design and create an exciting contrast between light and dark, which is

wonderfully complemented by the clear lines of the Francis design.

Just as we did when we were originally founded over 135 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward-looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
