Taste Your Life: Colours and shapes of the Rosenthal Junto Collection

Rosenthal Junto connects people and their love for good food from all over the world. The collection skilfully takes up the trend for sharing: Many bowls in different sizes create a greater feeling of togetherness at the table and can be combined in new ways.

Subtle details, a natural, handcrafted look of muted colors and organic shapes make "Junto" distinctive. The specially developed color glaze lets the characteristic diamond relief appear in an exciting light/dark contrast and gives the hand-glazed products a unique color gradient.

Junto – Porcelain: New Colour "Soft Shell"

The elegant "Soft Shell" colour complements the existing Junto porcelain colours Opal Green, Ocean Blue, Pearl Grey and White. **"Soft Shell" is a melange of soft rosé and cool grey.** The new Junto colour 2021 gives the collection a sophisticated modernity and can be mixed with the existing shades without losing its individuality.

Junto – Stoneware: New Colour "Rose Quartz"

A tribute to Rose Quartz, which as a gemstone is intended mainly to

strengthen the emotional side of the human being. On the table, Rose Quartz unfolds its power as a strong, natural tone, creating a harmony between the warm and cool nuances of the Junto collection.

The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward-looking investments that have been made.
