Thanks for the flowers: the best gift ideas for Mother's Day

Express your gratitude with a beautiful bouquet of flowers or serve some homemade treats: For Mother's Day, Rosenthal offers the perfect vases and tiers as well as other gift ideas.

Rosenthal Vase Collection "Vesi"

Water is, in the truest sense of the word, the source of life and appears to us in ever new forms, without us being consciously aware of it. The Finnish designer **Mikko Laakkonen** is fascinated by the unobtrusive beauty of this element and captures its manifold forms in the **Rosenthal vase collection "Vesi"** (Finnish: water) in delicate porcelain. Two reliefs characterize the Scandinavian-inspired series: while "Wavelet" imitates the calm flowing waves of water on the outside of the vases, "Droplet" trenchantly places large and small drops on the shiny porcelain. The result is a successful mix of look and feel - the vases impress with beautiful design and feel good.

Rosenthal Flux

"**Flux**" is a further design object by Harry-Paul. The artistic couple's intention: Two completely different shapes appear side-by-side but never seem to touch each other – abstract at the upper edge and geometric at the lower edge – thus creating additional interest. A vertical running line turns the object into an entity in its own right, as if by magic. The fascination of this vase is harbored in this contrast between simultaneous unity and inner conflict.

Rosenthal Pets

The sweet Rosenthal "Rabbits" are now getting enchanting reinforcement: 2020 more cute little animals made of fine Rosenthal porcelain in the delicate colours Brown, Stone, Rosé and White will join them. **Dog Alfonso**,

cat Smokey, monkey Gordon, pig alley, mouse Elvis and the **owl Snow white** look like knitted by hand and are available in three different sizes. Each figure is gift boxed and a perfect present for beloved people.

Hutschenreuther My Mug Collection

Hutschenreuther is launching its new **“My Mug”** mug collection with twelve trendy motifs. Funny sayings brighten up our day right from our first cup of tea or coffee in the morning, colourful heart motifs say more than a thousand words, and the adorable little bees remind us with a wink of the eye to be more careful with our environment. The high-quality bone china mugs are the perfect gift for family, friends and acquaintances or just to treat yourself.

Sambonet Penelope

Unique and never the same, the series of bowls, centrepieces and the fanciful macaron stand in stainless steel combine the Sambonet’s craftsmanship and innovation with small details in noble resin. In this way, the unique mineral nuances, typical of gemstones, bring to life **suggestive contrasts of reflections and colours**.

Rosenthal may have one of the longest traditions of Germany’s companies, but is also one of the most modern. Just as we did when we were originally founded 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset “made in Germany”, never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some of the porcelain industry’s most advanced production facilities anywhere in

the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
