The Art of Nature: Trendy Thomas ceramics in a handmade look

The treasures of the earth, its colours and textures find inspiration in the Thomas collection Clay. In subtle, natural shades the trendy stoneware brings a touch of nature to the table and offers a different colour option for every day of the working week.

Thomas Clay

The Thomas collection Clay radiates a rustic sensuality. Available in five different colour variations of Smoke, Rust, Rock, Sky and Earth, Thomas Clay captivates with its functionality and the naturalness of the stoneware material, which looks like clay. The grooved structure and the black speckles in the material give the plates and cups an authentic character in a handmade look. The reason for the speckles are small iron inclusions that melt up during firing and thus give the ceramic this special touch.

Thomas Clay - Smoke

Reserved, neutral grey speaks of a picturesque morning haze in the mountains, it brings ease and comfort to the table. The calm tone celebrates a stylish solo appearance in any living space and brings out the natural Thomas Clay colours Earth, Sky, Rock and Rust just as harmoniously.

Thomas Clay - Rust

The rich, reddish brown shade tells of a sense of well-being, down-to-earthness and depth. Clay Rust is simple and strong, consistent and honest - something reliable for every day and every occasion.

Thomas Clay - Rock

Neutral, but by no means boring, is the light, pebble-grey natural tone Rock. It brings lightness to the collection and creates a balance between the strong

colours Earth and Sky.

Thomas Clay - Sky

Dark grey-blue, like the sky before a summer storm, is the second tone in the colour spectrum of the new Thomas collection. The cool tone sets the counterpoint to the sensual earth and therefore harmonizes perfectly with it.

Thomas Clay - Earth

Warm reddish brown tells of Mediterranean earth and gentle hills, it creates a feeling of security and well-being at home. The peacefulness that lies in the ceramic colour tone will soon be imitated by no one.
