## Think Pink! Stylish Rosenthal and Rosenthal meets Versace designs

### **Rosenthal - Rose Quartz**

Rosenthal Junto connects people and their love for good food from all over the world. The collection skilfully takes up the trend for sharing: Many bowls in different sizes create a greater feeling of togetherness at the table and can be combined in new ways. Rosenthal's passion for subtle details is unmistakable, contrasted by a natural, handcrafted look of muted colors and organic shapes.

Junto Rose Quartz is a fascinating and lively interplay of different shades of rosé in constantly new facets and shapes. A tribute to Rose Quartz, which as a gemstone is intended mainly to strengthen the emotional side of the human being. On the table, Rose Quartz unfolds its power as a strong, natural tone, creating a harmony between the warm and cool nuances of the Junto collection.

### **Rosenthal - Flux**

In the vase "Flux" two completely different shapes appear side-by-side but never seem to touch each other – abstract at the upper edge and geometric at the lower edge – thus creating additional interest. A vertical running line turns the object into an entity in its own right, as if by magic. The fascination of this vase is harbored in this contrast between simultaneous unity and inner conflict.

### **Rosenthal - Paperbag Vases**

With the paperbag vase, Tapio Wirkkala took aim at pop culture with a wink in 1977 and created one of the Rosenthal classics par excellence. The Finnish designer was one of the most influential designers at Rosenthal from the very beginning. In rose-coloured cameo the iconic vases give a gentle, calming look and a sparkle of joie de vivre.

## **Rosenthal meets Verasce - Les Rêves Byzantins**

The Rosenthal meets Versace “Les Rêves Byzantins” collection, designed by Donatella Versace, echoes inspiration from the magnificent ancient 'Byzantium' era and the legendary world of 'Arabian Nights'. This series is a rediscovery of historic and exotic influences from the Far East that have been expanded on after the successful launch of Versace/Rosenthal's iconic 'Marco Polo' dinner set.

Matching the opulent baroque motifs of the Maison with iconic symbols of Medieval art, the Arabian Crescent Moon alternates with golden graphic patterns and sparkling nettings with glamorous very Versace pink Background.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset “made in Germany”, never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the “Thomas am Kulm” porcelain factory in Speichersdorf, which offer some

of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
