Very Peri: Rosenthal celebrates the new Pantone colour for 2022

Rosenthal Heritage Collection - Turandot Neodym Purple

Italian designer Gianni Cinti translates the history and traditions of Rosenthal into the here and now. The Rosenthal Heritage collection is an eclectic interplay of shapes, colours and patterns from different eras and cultures, interwoven with personal memories. While the décors Midas, Turandot and Dynasty differ strikingly from each other, a visual bracket made of gold tones holds the collection together. All three designs include Cinti's extremely imaginative handwriting and the abstracted borrowings from Rosenthal's history. Each of the three décor themes is understood as a holistic concept and complemented by matching drinking glass series and linen napkins from Rosenthal as well as accessories from Sambonet.

Rosenthal meets Versace - Medusa Lumière Rhapsody

Aperitif of after dinner, cocktail hour continues with the shades of whiskey and long drink glasses. Available in sets of two, the crystal glasses come in the shade blue.

Sambonet - Madame

Reminiscent of the mood and prosperity of 19th-century French salons, Madame - the charming collection of footed bowls and trays by Sambonet - comes into being. Light, elegant and a bit mischievous, like the noblewomen of Marie Antoinette's court, this footed serveware features contrasting volumes and heights and unique colours. Centro Stile Sambonet's excellence in processing and finishing stainless steel comes together with the contoured lines of the fine resin bases, also distinguished by the nuances of stone and ornamental mineral. Fine craftsmanship and innovation that play with the effect of different materials and reflections.

The chromatic subtlety of pink onyx and the exquisite shades of white marble have been skilfully matched with the reflecting Rum and Parfait Amour finishes. Sophisticated and openly out of the ordinary, Madame will stand out in any part of the home. Attractive and slightly flirty, a smile comes naturally when you look at it.

Sambonet - Bar Selection

Sambonet continues its pursuit of shapes and colours that complement lifestyles, living and home decor. The desire to appeal to quality food and wine enthusiasts lies behind the new Bar Selection collection, presented in the exclusive colour of Parfait Amour. A practical wine bucket, a charming wine cooler, an insulated ice bucket, accompanied by spoon and tongs to serve guests. Three types of shaker complete the bar set: the traditional shaker or cobbler, the French or parisienne version and lastly, the Boston shaker, which stands out because of its glass tumbler at the top.

Their smooth, streamlined shape assures the perfect mixing of ice when making cocktails. Developed by Centro Stile Sambonet, the Parfait Amour hue is inspired by the shades of its namesake liqueur, underscoring the refinement of stainless steel and making the most of Sambonet's technological expertise, adding unique notions to the reflecting stainless steel surfaces of each item in the line.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some

of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
