Viva Magenta: Rosenthal celebrates the Pantone colour of the year 2023

Viva Magenta, the Pantone Colour of the Year 2023, is an animated red that revels in pure joy, encouraging experiments and self-expression without restraint. In a strong, vibrant shade of red, Rosenthal presents stylish tableware and gifts by Rosenthal meets Versace, Thomas and Sambonet that exude joy and optimism in any season.

Rosenthal meets Versace - Versace Alphabet

The Alphabet collection spells out Versace's heritage with the Spring Summer 1992 archival print featuring Barocco lettering. The fine porcelain collection of Monogram trays is an adorable gift item that adds sophisticated style to your home - from A to Z.

Rosenthal meets Versace - Medusa Lumière Rhapsody

The Rhapsody colour collection makes cocktail hour even more exciting with whisky and long drink glasses in red tones. Each available as a set of 2.

Thomas - Sunny Day - Fuchsia

Stylish colours bring good mood into a sometimes bleak everyday life. The beloved yellow coffee cup in the morning, the pastel blue cup for the office, a colourful mix & match for the children's birthday or atmospheric green and red around Christmas time - colour is a must and that's why Thomas always brings colour to the table with the "Sunny Day" collection. The on-trend Sunny Day colour fuchsia exudes joy and optimism, giving vigour all year round.

Sambonet - Madame

Reminiscent of the mood and prosperity of 19th-century French salons, Madame - the charming collection of footed bowls and trays by Sambonet - comes into being. Light, elegant and a bit mischievous, like the noblewomen

of Marie Antoinette's court, this footed serveware features contrasting volumes and heights and unique colours. Centro Stile Sambonet's excellence in processing and finishing stainless steel comes together with the contoured lines of the fine resin bases, also distinguished by the nuances of stone and ornamental mineral.

Aristocratic in shape, the former are reminiscent of the wide, showy panniers or side hooped dresses with their stiff, tight-fitting bodices. On the other hand, the footed trays look a bit like special stages set to showcase tasty cakes, refined flower arrangements or even to offer a precious gift to a special person. Sophisticated and openly out of the ordinary, Madame will stand out in any part of the home.

From Porcelain Pioneer to an International Design Company

Rosenthal products stand out for their design, function, quality and ongoing innovative spirit. Established figures from the worlds of architecture, design and art, but also the smart newcomers and talents design avant-garde dining collections, sophisticated interiors and exclusive gifts. With exceptional craftsmanship, Rosenthal has been producing porcelain "Made in Germany" for more than 140 years. At the same time, the two porcelain factories in Selb and Speichersdorf are among the most modern production facilities in the porcelain industry worldwide and deliver sustainable manufacturing with careful use of resources thanks to the forward-looking investments that have been made.
