Make it work: Rosenthal embellishes your home office

Freshly brewed coffee, a tidy workplace and natural green at the table, that's how we like to start the working day at home. With these products the home office becomes a place of well-being:

Arzberg Joyn Mugs

Back to the essential - the combination of colours like white, powder, light grey and mint green gives Joyn a light and natural thus urban and modern touch. The fine vertical relief gives it a recognizable structure. In the home office Joyn scores with versatility: sometimes as an office cup, as a table container with a wooden lid or as storage for pens.

Rosenthal Silver Collection Pens

In stylish rosé gold or classic silver and black, the Rosenthal roller and ballpoint pens ensure well-ordered thoughts and neatly arranged to-do lists.

Rosenthal Silver Collection Picture Frame "Streaked"

Photos of beautiful moments, but also treasures from nature, such as flowers or leaves, are captured by the Rosenthal Silver Collection in silver-plated picture frames. For small and large memories, the "Streaked" collection is available in two formats: 10 x 15 cm and 15 x 20 cm. Perfect for the home office, even motivating phrases remain within sight in true style.

The high-quality frame, bent from one piece of metal, consists of two glass

panes held by a base in silver, gold or rose gold. The metallic surfaces of the Rosenthal Silver Collection are sealed with a special protective lacquer that makes polishing unnecessary.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded 140 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some of the porcelain industry's most advanced production facilities anywhere in the world and deliver sustainable manufacturing with careful use of resources thanks to the forward-looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
