

Rosenthal porcelain angels make collector's heart beat faster

Oct 30, 2018 08:00 GMT

Year after year : New designs for the popular Rosenthal Angels

Rosenthal Christmas angels featuring new designs

The highly popular Rosenthal angels are available to order right now in three new designs and in three sizes. Crafted from the finest biscuit porcelain, the new angels – whether with headset, with dove or with flowers – will bring joy to collectors' hearts. All angels bear the Rosenthal stamp on the bottom of the item, which guarantees excellence and quality. High-quality gift packaging rounds off the concept.

Rosenthal may have one of the longest traditions of Germany's companies, but is also one of the most modern. Just as we did when we were originally founded over 135 years ago, Rosenthal develops products equally for discerning end customers and for exacting professional clients from the restaurant and hotel trade. Our products stand out with exceptional form, function, quality and craftsmanship and represent a cultural asset "made in Germany", never ceasing to combine innovation and creativity. With its award-winning porcelain design, trendy lifestyle collections and modern, elegant classics, the Rosenthal brand raises the bar time and again for aesthetics and individuality.

Established figures from the worlds of architecture, design and art, but also the hottest newcomers and talents design avant-garde dinner table collections, foster a joy of giving and create sophisticated furnishings. The collections are manufactured in the Rosenthal porcelain factory in Selb and the "Thomas am Kulm" porcelain factory in Speichersdorf, which offer some of the porcelain industry's most advanced production facilities anywhere in

the world and deliver sustainable manufacturing with careful use of resources thanks to the forward- looking investments that have been made.

New interior collections and accessories enrich the Rosenthal world by adding designer objects that go far beyond the limits of a conventional table setting and round off the huge product variety.
